Word from the President

Greetings everyone and welcome to February. May the chill of winter encourage us all to share the warmth with each other.

Kiwanis has always been many things to many people. Through Kiwanis Lakeshore, our members have found friends, community, and a sense of purpose. Above all, we come together for one overriding goal: service to children. Service to children has been the cornerstone of Kiwanis since the earliest days and its main purpose ever since.

Of course, service is only part of what a strong club must offer. It must also invite good speakers, provide leadership development, and bring value to its members through participation in Kiwanis events.

I encourage you all to remain engaged and to encourage new members to be eager to join us. In doing so our club will remain vibrant, relevant and an inspiration to the communities we serve.

Cheers, Jo

Guest-Speaker – Black History Month address by Denburk Reid, President and Founder of Montreal Community Cares Foundation.

We are very pleased to welcome Denburk Reid this evening. A passionate and dynamic young man dedicated to inspiring leadership in youth today. He still holds the distinction of being the all-time leading scorer and led the university in assists for the McGill Redbirds formerly known as the McGill Redmen basketball team. He is a 2016 inductee to the McGill Sports Hall of Fame. "Growing up, I was lucky enough to have met several amazing coaches-mentors who took me under their wings. They didn't just teach me about sports – they taught me how to live a meaningful life. They guided me and kept me focused and out of trouble. Travelling to tournaments expanded my world and my vision of what was possible in life. I became hooked... on basketball, on learning, on being the best I could be, on the incredible power of mentoring and on giving back to the community." – Denburk Reid

Upcoming Speakers – March 6th Sheryl Guloy

Co-founder of Somnolence + Inc. and a non-profit the Somnolence Canada Foundation, both of which promote sleep wellness as a pillar of health.
