Meeting and Zoom at 7 p.m.

Word from the President

Dear Kiwanians,

As we approach our summer break, I thank you all for the outstanding efforts you have made to expand our presence in the community. Let's take these welcome summer months to relax, recharge and rest our bodies and souls.

Children have a way of reminding us adults that it is important to play more and not take things too seriously. In my opinion, kids have the right expectations and approach to summer.

When we meet again as the days begin to grow shorter, I leave you with a thought from Margaret Mead. "Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it's the only thing that ever has."

*In service,
Jo-Ann Davies*

Guest Speaker: Anne-Marie Égré

Saving for your child's future. (Presented in English with a bilingual Q&A).

It is with passion and enthusiasm that Anne-Marie helps to support young families to obtain the amazing benefits of the registered education saving plan (RESP). She is convinced that education is an essential tool for individuals, families and community well-being. She wishes that all Canadian children have the financial means to achieve their future dreams and that money is never a roadblock to further one's education. CST Savings is the pioneer in education savings and started the very first one 63 years ago.

National Indigenous Peoples Day was declared in 1996. This special day is observed on June 21st and marks the summer solstice. This date was chosen to reflect the spiritual importance of the summer solstice to all of the indigenous people of Canada.
